REMAINS LIGHTING COMPANY

JANUS 12 CHANDELIER

ARCHIVE COLLECTION
From the Remains Archive. A six over six tiered chandelier with regular planes of slightly beveled prisms are suspended by fine wire from square-section solid brass framing. Recognizable yet pared down to an essence, these fixtures are the result of an investigation into the basic nature of a branched chandelier and baroque forms, made physical in the most time-honored materials for lighting design: brass and crystal. Our Archive Collection consists of the best examples of previous custom projects & historic fixtures from our collection. They are made available as inspiration for recreation or inclusion in custom projects.
