CAN TABLE LAMP

COMMUNE COLLECTION

The Can Table Lamp has an adjustable cylindrical shade with optional Commune Design's signature "slash" pattern along the lower edge of the shade. Supported by a slender stem, which is both graphic and structural, the pivoting shade hovers above a weighted cylinder base with a built-in dimmer switch. The composition is both anchored and airy. Hand crafted and made to order from solid heavy brass. Built on the staple typology found in the rest of the Can Collection of modern utilitarian light fixtures.
