

REMAINS LIGHTING COMPANY

DUSK PHOENIX CANDLESTICK

TONY DUQUETTE COLLECTION

This limited edition classic candlestick design is composed of the stippled shell of an ostrich egg, onyx, and serpentine hardstones, and is hand gilded with 23 karat gold. Tony Duquette returned to the themes of renewal and rebirth, represented by the phoenix, many times in his career. Each egg is unique, lending this fixture subtle variations in height and diameter.
