

REMAINS LIGHTING COMPANY

MINERVA LANTERN

ROBERT A. M. STERN ARCHITECTS COLLECTION

The crisp lines of the Minerva Lantern are formed by three gently curving square sectioned arms angling off of a central sphere and leading to an outer ring, to which the a clear glass cylinder is fastened. Behind the glass, a three light cluster echoes the geometric form of the top. Each with slight, unique variations due to the hand-made nature of the glass.

DIMENSIONS

Minimum height (with one link of chain): 28"
