

REMAINS LIGHTING COMPANY

NIMA DROP CHANDELIER

M.FISHER COLLECTION

A chandelier made of four hand-carved, veined white alabaster globes, set in cascading solid slabs of machined brass. Each globe is held in threaded porthole bezels and is illuminated by integrated warm-dim LED lamping. Suspended from a tailored ceiling-mounting canopy, the interlocked bodies and leather wrapped, hand-wrought brass hooks descend until the excess length of the fixture pools on the floor or table beneath. The fixture's design evokes the thread of jewels fashioned by Ariadne in Greek myth to guide the hero Theseus through the minotaur's labyrinth. UL listed and complete with driver.
