## VESTA 48 CHANDELIER

### REMAINS LIGHTING CO. COLLECTION

From the Remains Archive. The Vesta 48 chandelier by Remains Lighting is a modern sputnik style ceiling fixture with 48 long slender precisely cut arms emanating from a central orb. The flared ends hold angular hand-blown translucent glass shades, each with unique variations in the density of color used, resulting in a milky, almost pearlescent translucence. The handmade blown glass shades are each cut at an angle, creating a natural variation in tension with the clean rhythmic shapes of the hand finished solid brass frame. Our Archive Collection consists of the best examples of previous custom projects & historic fixtures from our collection. They are made available as inspiration for recreation or inclusion in custom projects.
