CALIFORNIA SUNBURST 18 PENDANT

TONY DUQUETTE COLLECTION

From the Remains Archive. A sunburst pendant fixture with solid brass rays reflecting light in a starburst pattern on the ceiling and walls and let slivers trace through the faceted bottom. Inspired by the sun motifs in Tony Duquette's "California Sunburst" stage curtain for the LA Music Center (1964) and his San Francisco Canticle of the Sun exhibition. Our Archive Collection consists of the best examples of previous custom projects & historic fixtures from our collection. They are made available as inspiration for recreation or inclusion in custom projects.
