

REMAINS LIGHTING COMPANY

INGERSOLL TABLE LAMP

ALAN WANZENBERG COLLECTION

The Ingersoll table lamp by Remains Lighting has a simple yet elegant form. The single stem springs from a round base, disappearing into the cut-away section of a spherical white milk glass shade. This hand blown and cut glass is secured in place by a delicate bezel. A decorative cylinder form toggle switch echoes the other elements of the lamp and sits 10" from the base. Designed by Alan Wanzenberg for Remains Lighting and based on the study of numerous designs for functional lighting. The refined proportions and exceptional construction are evident in this desk lamp, machined of solid brass.

DIMENSIONS

Overall: 17" h. x 8" diameter
Base: 6" diameter
