KALMAR GLASS SCONCE

VINTAGE COLLECTION

Circa 1970

A single sconce with five densely seeded textured clear glass panels on a painted frame. Signed by the Austrian maker Kalmar. This fixture is a variation of another sconce in our collection, AIS2873, and features a larger backplate that is not visible when viewed straight on. Due to the antique nature of this pair of fixtures, there may be some nicks or imperfections in the glass or variation in form between the pair.
