## ORSON BILLIARD

### ARCHIVE COLLECTION

From the Remains Archive. A billiard light comprised of three domed pendants each topped with a vented cap and crafted from hand polished, satined or burnished stainless steel with matching nickel-plated brass hanging hardware. Orson's milk glass lens casts a warm glow of light and is supported by a five point star finial, evoking American industrial and nautical light fixtures. Our Archive of previous custom projects & historic collection designs is made available to inspire custom concepts for your current projects. These fixtures and their details are examples of what can be made and reproduced by our Brooklyn workshop.
