SIX DOME CHANDELIER WITH SOLID SHADES

COMMUNE COLLECTION

A six dome chandelier by Commune Design with staggered length arms extending from a central inverted bowl ending in a solid half dome shade. Set atop a round opal white milk glass globe, the shade positions are adjustable by a small swivel. This ceiling fixture has light sources emanating from the central body and in each of the glass shades. Commune's slash collection is inspired by Viennese Secession, French 1950s and Milanese modernist designs, as seen through a California lens.
